Stepping into the future . . .
supporting kids and families as our
world evolves.

**Help us build a strong
community where all
children can succeed.**

Throughout our 175+ years of helping Greater Cincinnati children and families thrive, Beech Acres has served as a community partner for essential resources, parenting tools, and wrap-around care.

In our ever-changing times, we equip all children and families to be their best — no matter their circumstances— so that each may reach their endless potential, seeding a strong future for us all.

To build a strong future for all,
Beech Acres is responding with an upstream approach to the mounting youth mental health crisis.

We cannot reverse time, but we can do better tomorrow.

Our vision of a “system transformed” reflects a community that equips every family with the support and protective factors needed to yield resilience for overcoming life’s challenges.

OUR SERVICES:

School-based mental health services & wrap-around family support

Collaborative, community-wide delivery of Character Strength Curriculum

Centralized access to parent coaching and resources

Targeted interventions across at-risk population and communities

Systems-level advocacy for mental health prevention policies & regulation

FOSTER PARENT APPRECIATION DINNER

Each year, Beech Acres hosts a Foster Parent Appreciation Dinner to celebrate the unsung heroes that selflessly shift the course of a child's life through love: foster parents. We are Hamilton County's largest non-profit foster care agency, and we gather to recognize their impact on vulnerable children and our community. We hope to make this year's event a memorable evening, dedicated to honoring those who make a difference each day.
